

## Chadwick Evangelical Free Church

### Our Community

Our church is centrally located in rural Carroll County, Illinois, on Main Street, in the village of Chadwick. We are an approximate 30-minute drive from 3 larger municipalities. Our attendance consists of families mainly from 3 local nearby communities. Our rural area features beautiful rolling hills dominated by farms of cattle, corn, and soybeans. Our area includes diverse age groups, from infant to 100 years old. Our communities are safe places to live, raise a family, and retire, with low crime rate and excellent volunteer fire and ambulance departments, with some towns having a few paid EMTs. All 3 school districts in Carroll County are excellent, and meet or exceed standards on the state's public school report cards. Each school district excels in academics, the arts, athletics, and providing services for our special needs students. We offer a number of attractions for residents and visitors in our surrounding area, such as Timber Lake Playhouse, Timber Lake Resort and a number of other campgrounds, Lake Carroll, 2 golf courses, fishing and hunting, all near the picturesque Mississippi River. We are eagerly anticipating what God will do in our communities as we move forward with a new Pastor.
